

ONLY LADY BARBERS WORK IN BROOKLYN WHILE MEN STRIKE

Only Three Shops Open, but
Owners Expect to Settle
Difference Soon.

The blight of whiskers remains on Brooklyn. The barbers continue on strike. There were only three barber shops in the borough open to-day and these were manned—beg pardon—womanized by "lady" barbers. Such a business as the feminine barber shops did! It had been hoped that the strike, which began to assume serious proportions last Monday, would be settled at a conference between representatives of the 30,000 striking barbers and a committee representing the owners of Brooklyn's 4,000 barber shops. The conference came to naught. The barbers are as far from their bosses as ever.

The barbers want a twelve-hour day and one day off a week with no work before 8 o'clock or after noon on Sundays. The bosses admit that their demands are reasonable, but many of the bosses who have worked ever since they were boys from twelve to fourteen hours a day are averse to giving in to the barbers' union. And unless the boss barbers agree to the terms of the barbers a settlement cannot be reached.

However, it is expected that the bosses will come to terms to-night. In some sections of Brooklyn the males visit the barber shops only on Saturdays. Sunday is also a big day. The barbers say that the snip of the shears, the pop-pop of the leather brush, the scrape of the blade and the loud screams of the customers will be heard again in all the barber shops in Brooklyn within forty-two hours.

A crowd of strikers visited Jamaica this morning and paraded through the streets of that village, stopping at the various barber shops to try to induce the journeymen to join their ranks. Eight strikers were arrested in front of the town hall for causing a crowd to collect. They were arraigned before Magistrate Fitch, who suspended sentence. The same crowd visited Richmond Hill yesterday. About thirty of the Jamaica barbers joined the strikers to-day.

PORTLAND, Me., May 8.—Four men

were drowned and two others injured when a lighter owned by Randall & McAllister, coal dealers, was overturned by a heavy sea in Casco Bay to-day. All the men had homes in this city.

Women's Imported Coats Of Genuine Shantung that Can't Be Duplicated At \$16.50 to \$45

This occasion signals the opening of the Summer Coat season! First we wish to impress you with the fact that these Coats are of genuine Chinese Shantung, which is very different from the usual pongee—it is heavier, and its natural color is more rich and beautiful. And that the silk was bleached and shrunken in Lyons. We had a large collection of these Coats made in England, because they will be more fashionable this Summer than they have been in years. They will harmonize with all the rich colors of the season.

Black Tulle Adorned Hats

Produced By Gimbel Artists
\$10 to \$14.75

The latest and really the most charming modes of Paris have been reproduced, and not merely reflected in these Hats. They require the skilled fingers to drape their crowns and brims, and to arrange their tiny flutings of tulle. To pose an ostrich quill or a bow of moire required the eye of an artist, too.

When you examine the facings and linings of these Hats, you will again be surprised to think that their prices are less than \$15 or \$20.

A Display of New Summer Modes at \$8.75 to \$14.75

Light and airy creations to wear with lingerie frocks, correct styles for Summer gowns, and smart modes for tailored suits. The draped *chapeaux* of crepe and those that are trimmed with lace are particularly fascinating. Of course, many of the Hats are trimmed with flowers.

The No-Charge Trimming Service will be prepared to meet the demands of the busy Saturday! This courtesy is extended whenever you purchase an untrimmed Hat and its trimmings in our Millinery Sections.
